Executive Director

Division of Facilities Construction and Management

DAVID G. BUXTON
Director

ADDENDUM NO. 8

Date: April 30, 2009

To: Shortlisted Fabricators

From: Rick James, Project Manager, DFCM

Reference: Exhibit Fabrication and Installation – Utah Museum of Natural History
University of Utah
DFCM Project No. 02243750

Subject: **Addendum No. 8**

Addendum Cover	2 pages
<u>Revised Project Schedule</u>	<u>1 page</u>
Total	3 pages

Note: *This Addendum shall be included as part of the Contract Documents. Items in this Addendum apply to all drawings and specification sections whether referenced or not involving the portion of the work added, deleted, modified, or otherwise addressed in the Addendum. Acknowledge receipt of this Addendum in the space provided on the Bid Form. Failure to do so may subject the Bidder to Disqualification.*

While we contend that SB220 should only be potentially applicable to a contract issued after the effective date of said bill, this is to clarify that for purposes of this contract, regardless of the execution or effective dates of this contract, the status of Utah Law and remedies available to the State of Utah and DFCM, as it relates to any matter referred to or affected by said SB220, shall be the Utah law in effect at the time of the issuance of this Addendum.

8.1 **SCHEDULE CHANGES:** See attached revised project. Final Addendum Date changed from 2:00 PM Thursday, April 30, 2009 to 2:00 PM Monday, May 4, 2009

8.2 **GENERAL ITEMS:** Questions/Answers/Clarification

8.2.1. Question: X2-PW-3.10 Interactive ID Wheel- Please describe the way these wheels need to function.

Answer: See X-TYP-3.20 and page 33 of the Graphics Package. The rear graphic can be turned behind a front graphic to reveal a question and an answer window, which relate to the species selected in the top window.

8.2.2 Questions: Many of the items called out in the specifications as taxidermy can only be provided by the owner and not the fabricator. It is illegal to mount any non-game or migratory species under Federal law unless the specimen is provided by US Fish and Game with the proper paperwork and identification. Please let us know how you'd like us to handle this situation. We've heard the same from all three taxidermy firms we've requested bids from.

Answer: UMNH will hold all necessary permits and will acquire all restricted animals for taxidermy by exhibit fabricator as provided by US Fish and Wildlife statute.

8.2.3 Clarification: All subcontractor approvals will be by direct communication from DFCM.
