Approved By: RA.

Date Approved: 5/9/13

SELECTION COMMITTEE JUSTIFICATION STATEMENT

The selection committee would like to express its appreciation to all of the teams that proposed for services on the above referenced project. The selection committee selected **Taylor Electric/Nelson Fire Systems** based on the following detailed conclusion supporting the selection in accordance with the selection criteria:

DFCM Past Performance Rating:

This score is based on the average of ratings for previous projects as explained in the RFP.

Design Proposal:

Taylor Electric/Nelson Fire had a design proposal that was thorough and complete. They clearly explained in great detail the many intricate facets this system would contain. Much consideration was given to existing systems and how the new system would seamlessly be integrated.

Strength of Team:

Taylor Electric/Nelson Fire presented a team that had worked on several projects of similar size and scope.

Project Management Approach:

Both teams had good project management approaches. Taylor Electric/ Nelson Fire have proven their project management approach through similar type projects on this campus, and they have compiled a highly competent team that is committed and understands Utah Valley University's needs.

Cost:

Taylor Electric/Nelson Fire provided the lowest cost out of the two teams that presented on the above mentioned project. (bid tab attached)
