Date: February 4, 2013

To: BacGen Solar Group  
GSBS Architects  
Ken Garner Engineering  
Spectrum Engineers

From: John Harrington

Reference: Development, Procurement, and Project Management  
Various Agencies Solar Photovoltaic Projects Statewide  
DFCM Project No.13002300

Subject: **Addendum No. 1**

Pages Total Addendum 1 page

**Note:** *This Addendum shall be included as part of the Contract Documents. Items in this Addendum apply to all drawings and specification sections whether referenced or not involving the portion of the work added, deleted, modified, or otherwise addressed in the Addendum. Acknowledge receipt of this Addendum in the space provided on the Bid Form. Failure to do so may subject the Bidder to Disqualification.*

While we contend that SB220 should only be potentially applicable to a contract issued after the effective date of said bill, this is to clarify that for purposes of this contract, regardless of the execution or effective dates of this contract, the status of Utah Law and remedies available to the State of Utah and DFCM, as it relates to any matter referred to or affected by said SB220, shall be the Utah law in effect at the time of the issuance of this Addendum.

1.1 **SCHEDULE CHANGES:** There are no Project Schedule changes.

1.2 **GENERAL ITEMS:** Question/Answer

**Question:** Will a sub-contractor or consultant to the State of Utah-selected vendor be restricted from providing facility design, engineering, construction, project financing or turnkey PPA services that the State of Utah will contract separately?

**Answer:** The selected consultant and subcontractors (if any) will be restricted from providing project engineering, construction, project financing or turnkey PPA services. The State of Utah will procure these services separately in a future RFP. The selected consultant will provide project design and installation specifications as per the scope of work listed on page 4 in the solicitation.
