# MEMORANDUM

Date: April 13, 2011

To: All Roofing Manufacturer's

From: Matt Boyer

Reference: WSU Swenson Gym Roof

Subject: Public Announcement of Warranty Settlement and Credit from Sarnafil for Weber State University Swenson Gym Building. Deadline for other manufacturers to notify DFCM if they can compete on this.

---

May it be known to all interested parties that the State of Utah and the Sika Sarnafil Roofing Manufacturer have agreed to a material credit for the existing red print Sarnafil roofs current installed on the Weber State University Swenson Gym Building. As part of the this settlement, the State of Utah will receive a material credit to be used towards the purchase of a new roofing system in the areas of the existing red print Sarnafil roof, roughly 42,500 square feet. This credit is to be in the amount of \$1.50 per square foot. The State plans to utilize this credit in the near future.

Any roofing manufacturer that believes that their roofing system could openly compete with the Sarnafil roofing system despite the proposed settlement may respond to this memorandum by email to Matt Boyer at [mboyer@utah.gov](mailto:mboyer@utah.gov). Manufacturer's wishing to do so must detail how they can be competitive despite the material credit being provided towards a new Sika Sanrafil roofing system.

This notice will run for ten days. All requests must be received with in that time. Any request received after said date will not be considered a valid request.
